## **DETAILED ACTION**

### ***Election/Restrictions***

Applicant's election of Group II in the reply filed on 12/02/2010 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

Claims 51, 56-58, 66, 87-96 withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected inventions, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on 12/02/2010.

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

Given that the Election was made without traverse, to facilitate prosecution applicant is encouraged to delete non-elected claims.

50, 53-55, 59-64 51, 56-58, 66, 87-96 are pending.

50, 53-55, 59-64 are examined to the extent that they read on the elected group of compounds of formula IIb, IIc and IId.
